PROFESSIONAL SUMMARY

Analytical and results-driven Mobile Application Developer with nearly 2 years of experience in **Native Android (Java)** and **Cross-Platform Flutter** development. Experienced in designing and developing enterprise-grade ERP, HRM, and Supply Chain applications using modern **State Management (BLoC, Riverpod, Provider)** and BaaS solutions (**Supabase, Firebase**) with expertise in **Zebra RFID SDK, Bixolon Thermal Printer SDK, Google ML Kit, CameraX API, MVVM architecture, and SQLite / Room Database**. Passionate about building scalable, high-performance mobile applications, integrating hardware solutions, and delivering reliable business-focused enterprise systems.

WORK EXPERIENCE

Junior Mobile Application Developer

Logic Software Ltd.

Jan 2025 – Present

- Developed cross-platform Flutter and native Android applications using Clean Architecture, BLoC, and REST APIs.
- Developed enterprise-grade ERP and Smart Production Tracking applications for garment and textile industries.
- Integrated Zebra RFID SDK for real-time fabric roll tracking and warehouse inventory management.
- Implemented Bixolon Thermal Printer SDK for Bluetooth thermal label printing.
- Built high-performance Barcode and QR Code scanning modules using Google ML Kit and CameraX API, reducing manual production data entry.
- Improved application performance and offline reliability using MVVM architecture and SQLite / local caching.
- Developed dynamic PDF invoice and production report generation using the iTextG library for industrial printing.
- Collaborated with backend developers and business teams to deliver scalable enterprise ERP solutions.

SKILLS

Programming Languages

- Java
- Dart
- TypeScript

Mobile Development

- Android (Java)
- Flutter

Architecture

- MVVM
- Repository Pattern
- Clean Architecture

Backend & BaaS

- Spring Boot
- Java
- Supabase
- Firebase (FCM)
- REST APIs

Hardware Integration

- Zebra RFID SDK
- Bixolon SDK
- Google ML Kit
- CameraX API
- Barcode & QR Scanner

State Management

- BLoC
- Riverpod
- Provider

Database

- SQLite
- MySQL

Tools

- Git & GitHub
- Android Studio
- IntelliJ IDEA
- Postman

EDUCATION

Master of Social Science (MSS) in Economics

Dhaka College

Graduated in 2023

CGPA: 2.75

Bachelor of Social Science (BSS) in Economics

Dhaka College

Graduated in 2021

CGPA: 3.07

PROFESSIONAL TRAINING & CERTIFICATIONS

- **Professional Diploma in Full Stack Java Development** IsDB-BISEW IT Scholarship Programme
- *Core Focus:* Java Enterprise Editions (JEE), Spring Boot, Angular Framework, REST Architectures
- *Duration:* 9 Months (Jan 2024 – Nov 2024)

KEY PROJECTS

1. Platform SmartTrack (Industrial ERP & Supply Chain)

- **App Store** : <https://apps.apple.com/gb/app/platform-approvals/id6759209301>
- **Role**: Android Developer
- **Stack**: Android Native (Java), SQLite, Zebra RFID SDK, Bixolon SDK, HelloCharts, REST APIs
- **Description**: Developed an enterprise production tracking application for textile manufacturing. Implemented knitting, finishing, quality control, warehouse inventory, RFID-based fabric tracking, Bluetooth label printing, and production analytics modules.

2. Platform HRM (Enterprise Mobile App)

- **Play Store Link**: <https://play.google.com/store/apps/details?id=com.logicsoftbd.hrm>
- **App Store** : <https://apps.apple.com/gb/app/platform-hrm/id6771622206>
- **Role**: Flutter Developer
- **Stack**: Flutter, Dart, REST APIs, Firebase Cloud Messaging (FCM)
- **Description**: Developed a cross-platform Human Resource Management application using Flutter. Implemented attendance management, payroll notifications, hierarchical employee management, and asynchronous data synchronization using REST APIs and Firebase Cloud Messaging.

3. General Insurance Management System

- **Role**: Full Stack Developer
- **Stack**: Spring Boot, Angular 18 / Flutter, MySQL, Thymeleaf
- **Repositories**: [Angular Version](#) | [Flutter Version](#)
- **Description**: Built a secure enterprise insurance management system supporting customer onboarding, policy lifecycle management, premium tracking, billing generation, and administrative reporting.

4. Daily Finance (Analytical App)

- **Play Store Link**: <https://play.google.com/store/apps/details?id=com.probeshpath.dailyfinance>
- **Role**: Mobile Developer
- **Stack**: Flutter / Android Native, SQLite
- **Description**: Developed a personal finance application featuring expense tracking, monthly budgeting, local encrypted storage, and graphical analytics using SQLite.

KEY COMPETENCIES (Behavioral Skills)

- Strong analytical mind with a background in Economics.
- Excellent team collaboration and agile sprint adaptation capability.

Rapid learning ability for complex enterprise system workflows.

LANGUAGES

- **Bangla**: Native proficiency.
- **English**: Working Proficiency
(Technical Documentation, Email Communication & Software Development)

PERSONAL DETAILS

- Date of Birth: 13 August 2000
- Nationality: Bangladeshi
- Marital Status: Married
- Permanent Address: Village: Sodoki, P.O.: Gopalpur, P.S.: Kumarkhali, District: Kushtia, Bangladesh
